

SCHEDULING STUDENT ACTIVITIES

Whenever possible, school activities will be scheduled between 8 a.m. and 5 p.m. on regularly scheduled school days. At the middle school level, transportation to and from practice shall be provided on an equitable basis for students who must attend middle school outside their home attendance area. School activities which are scheduled on a day preceding a school day should be terminated at a reasonable hour. School activities on Sunday are not authorized unless prior approval is granted by the superintendent or the superintendent's designee.
